This disclosure explains the rates and terms applicable to your accounts at the Credit Union. The Credit Union may offer other rates on these accounts from time to time. This schedule is incorporated as part of your Membership and Account Agreement and is subject to change.

#### **Rate Information**

- The dividend rate and Annual Percentage Yield (APY) for each type of account are shown above. The APY is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for a 365-day period.

- The dividend rate and APY may change at the end of the dividend period on monthly and quarterly accounts as determined by Alliant Credit Union.

- The Regular, Sub, Money Market and HSA Savings are tiered rate accounts. The above schedule specifies the minimum balance requirements to earn the dividend rate/APY shown. (ie. First rate applies to first balance).

- The Checking Account dividends are compounded monthly. If the checking account maintains an **average daily balance** of \$750.00 for the month the dividend rate and APY listed above will apply.

#### **Dividend Compounding and Crediting**

The compounding and crediting of dividends are in the Rate Schedule shown above. Dividends will start accruing on the day of the deposit.

#### **Balance Information.**

The minimum deposit requirements for each account type are shown in the Rate Schedule above.

Daily Balance Method: Dividends are calculated by applying a daily periodic rate to the principal in the account each day.

Average Daily Balance Method: Dividends are calculated by adding the principal in the account for each day of the month and dividing that figure by the number of days in the month.

Minimum Balance: If the minimum balance is not met, you will not earn the stated annual percentage yield (APY). In addition, accounts forfeit dividends on the days the balance falls below the minimum required balances.

#### **Account Limitations**

- Regular Share Savings, Special Share Savings and Money Market Savings: No more than six (6) preauthorized, automatic, or telephone transfers may be made from these accounts to any other accounts of yours or to a third party in any month. No more than three (3) of these six (6) transfers may be made by check, draft, or debit card to a third party. If you exceed these limitations, your account may be subject to a fee or be closed.

- Christmas Club Accounts: The entire balance will be paid to you by check or transferred to another account of yours on or after September 30th, and the account will remain open. If you withdraw any of the account balance between January 1 and September 1, a \$10 fee per withdrawal will be collected, and your account will remain open for further deposits.

- Health Savings Accounts (HSA): Any withdrawal by share draft, debit card or internet transfer will result in the credit union coding that transaction as a normal distribution from your HSA account.

#### **Nature of Dividends**

Dividends are paid from current income and available earnings, after required transfers to reserves, at the end of the dividend period.

**FEE SCHEDULE**  
EFFECTIVE , JULY, 2022
